The college has its own building which is equipped with well-furnished museums, laboratories, class rooms, audio-visual aids and library.

At Shree Satya Ayurvedic Medical College and Hospital it is our vision to groom a cadre of high quality Ayurveda Healthcare Specialists and offer them back to society to nurture the healthcare needs of the community. Shree Satya Ayurvedic Medical College and Hospital is approved by Central Council of Indian Medicine, New Delhi and is affiliated to MJP Rohilkhand University, Bareilly.

MESSAGE FROM THE CHAIRMAN

“ EDUCATION WITHOUT VALUES, AS USEFUL AS IT IS, SEEMS RATHER TO MAKE **MAN A MORE CLEVER DEVIL.** ”

Indian medical professionals and nursing staff are recognized globally for their clinical and research skills and patient care. Domestically, the healthcare sector has boomed. India is emerging as the leading hub for inbound international patients, often from the developed countries, who come with the assurance of getting the same level and quality of healthcare they get in their countries, at a far more competitive cost.

Shree Satya Ayurvedic Medical College and Hospital was set up with a single minded proposition—to develop a healthcare practice that sets a new benchmark for quality, consistency and delivery of healthcare services while developing a way to make it affordable and accessible to all. Patient orientation, social responsibility and best in class clinical practice and research will remain its cornerstones.

We believe this is a winning model and we are focused on getting it.

This is an exciting time for Shree Satya Ayurvedic Medical College and Hospital. I am confident that as an institution we will live up to what we set out to do and build our unique brand in the delivery of healthcare.

Devendra Kumar Malik
(Chairman)

“
Education is not the **learning**
of facts, but the **training** of
the mind to **think**
”

MESSAGE FROM THE PRINCIPAL

The Shree Satya Ayurvedic Medical College and Hospital is an upcoming eminent Medical Institute, which conducts specific program of training and imparting knowledge of Ayurvedic Medical Sciences to those who aspire.

An institute it is; however, it is more like technical workhouse where energetic members of the scholarly figures, young ebullient teachers of various faculties work tirelessly to bring out the best specialists, graduates and products of their toil. Schedules of teaching and academic activities are well detailed and regulated in orientation with an idealistic approach.

I would like to welcome you to our institution. Thank you for choosing Satya Ayurvedic Medical College and Hospital. This Institution has been established with the vision to impart high standard of knowledge skills and most importantly attitude required to serve the community. I always emphasize on the three D's needed to be a successful human being first and then a successful doctor namely diligence, dedication and discipline.

Dr. Kapil Sharma
(Principal)

B.A.M.S (BACHELOR OF AYURVEDIC, MEDICINE AND SURGERY)

Bachelor Of Ayurvedic Medicine and Surgery (B.A.M.S) is an integrated Medical Degree of modern Medicine and traditional Ayurveda. The degree is of five and half year duration, including one year internship after passing 10+2 with PCB. The course structure is aimed to provide theory as well as practical training in the healing science of Ayurveda.

Many people are unaware of this fact that BAMS doctors can practice modern / allopathic medicine. According to the privileges in the Drugs & Cosmetics Act 1940, Rules 1945 Sec 2e(iii), States have right to allow BAMS doctors seem to prescribe more irrationally as compared to MBBS doctors when comparative evaluation of MBBS and BAMS doctor's prescription trends was carried out using World Health Organization Criteria.

Eligibility

The qualification needed for the B.A.M.S program is a pass in an Intermediate with Chemistry, Biology and Physics. The candidate must pass +2 from a recognized board. The minimum age limit is 17 years.

Admission Process

As per Government criteria.

Duration of Course

The Under-graduate Course, Ayurvedacharya (Bachelor of Ayurvedic Medicine and Surgery) is of 5½ years duration (4½ years of the main course and 1 year internship).

Fee Structure

As per the State Government Rules.

Number of seats : 100

CENTRAL LIBRARY

The Central Library of college is an advanced library in terms of its collection. Central Library caters to the information needs of faculty members, students, research scholars as well as staff of the Institute, by offering a wide range of more than 10338 medical books, journals and encyclopedias.

The library remains open for college working hours. Users can avail the library facilities during opening hours. Library issues the Institute Library Card for availing library facility. One can issue or return books at any time in the library during opening hours using the Self Check-In and Shelf Check-Out (Drop Box) system or directly to the library desk.

Dissection Hall & Anatomy Museum

Knowledge of human anatomy is basic thing for the student of medical science. Without knowledge of the different part of body, their structure at gross & cellular level, no one can do the practice of medical science efficiently. Keeping this view in mind department of human anatomy is developed in the college. The anatomy department of the college is equipped in such a way that one can get basic as well as detailed knowledge about the human body. The department has separate, large & well ventilated dissection hall with cadaver preservative room. In the dissection hall more than fifty students can perform dissection of the human body at a time. Besides this there is separate large, well ventilated anatomy museum hall where human skeleton, bones & various soft organs of the body are displayed for the study of students.

Sports and Extra-curricular Activities

The institute has the good facilities for the outdoor and indoor games. The different platform also provided by the college to the students for their performance in games and extracurricular activities. The students are also appreciated and boost-up to show their talents in the sports and extra-curricular activities.

Laboratory

All the laboratories are well planned and equipped and they are provided with facilities as per NCISM norms and helpful to conduct experiments as required for pursuing the course. All the Laboratories relating to their respective subjects namely Physiology, Pathology, Anatomy, Toxicology, Dravyaguna, Rasashastra etc. are well equipped.

Lecture Halls

The lecture halls are well ventilated with all necessary fittings and furniture as per NCISM norms.

HERBAL GARDEN

Shree Satya Ayurvedic Medical College and Hospital is nurturing five hundred species of rare Ayurvedic medicinal plants. This herbal garden was brought out to give the right information about the medicinal plants to the students. Here one can see medicinal plants from traditional to tribal. The teachers inspect over the new variety of plants.

MEDICAL CAMP

PRACTICAL EXPOSURE

BOYS HOSTEL

A separate Boys' hostel is situated within the college campus with all necessary facilities on double occupancy basis.

GIRLS HOSTEL

A separate Girls' hostel is situated within the college campus with all necessary facilities on double occupancy basis.

JOBS AFTER AN AYURVEDIC DEGREE

Like any other scientific field, there is intensive research and development work in Ayurvedic practices. The Central Council for Research in Ayurveda and Siddha (CCRAS), supervised by the government, is always on the lookout for fresh specialists who may bring this science forward in its various fundamentals and applications.

There are a number of Ayurvedic hospitals, clinics and medical centers around the country, run by both government and private institutions, jobs as doctors and surgeons are plentiful. A third option is to gain employment as a teacher/professor in the institutes that impart Ayurvedic knowledge.

If you're not comfortable with institutionalized settings, there is a great demand for Ayurvedic clinics everywhere; a private Ayurvedic centre in a populated neighborhood can be a very lucrative business

HOSPITAL AT SERVICE

Out Patient Department

Kayachikitsa (General Medicine)

The department offers treatment and primary care in the area of ayurvedic general medicine, which forms the basis for all other branches of ayurvedic treatment.

The department is staffed with highly skilled physicians, paramedical staff and trained nurses, who provide support to patients.

Shalakya Tantra (ENT, Dentistry and Ophthalmology)

The department treats patients in the areas of ENT, ophthalmology and dentistry. The department offers complete diagnosis and traditional ayurvedic treatment for all head and neck related diseases with support of the most sophisticated diagnostic equipments.

Shalya Tantra (Surgery)

The department treats patients through various Ayurvedic surgical and para surgical procedures. They include application of medicated thread (Ksharasutra) for management of hemorrhoids and fistula, application of leeches (Medico Hirudinalis - Jaloukavacharana) for various blood disorders, fracture management as well as management of cuts and wounds.

Kaumarabritya (Pediatrics)

The department offers Ayurvedic treatment for pediatric patients from the neonatal stage onwards. Right from the womb stage Ayurveda emphasis on a child's proper clinical care and health maintenance.

Prasuti Tantra and Stree Roga (Gynecology and Obstetrics)

The department offers special care for women of all ages: right from the special regimen followed during pregnancy in order to ensure healthy child birth and normal delivery to treatment of various menstrual disorders.

Panchakarma

Panchakarma is the unique branch of Kayachikitsa, deals with five major therapies, as well as preparatory procedures and post-operative procedures. Panchakarma has full therapeutic role as promotive, preventive & curative procedure. According to ancient Ayurvedic scholars, the elimination of the waste products of the body is termed as Apakarshana, which means Sodhana. Panchakarma is not only for treatment of diseases but also for preventive & promotive health care.

Swasthavritta Evam Yoga

The word Yoga comes from the Sanskrit word “Yuj” meaning to yoke, join or unite. This implies joining or integrating all aspects of the individual – body with mind and mind with soul – to achieve a happy, balanced and useful life, and spiritually, uniting the individual with the supreme.

OPERATION THEATRE

Hospital has a well equipped and well managed operation theatre for major and minor operative procedures. The Hospital also has a team of well experienced, Surgeons, trained nurses and staff working in operation theatre. Hospital has a major operation theatre, a minor operation theatre, a shalakyia operation theatre and a labour room.

Emergency Department

Shree Satya Ayurvedic Medical College and Hospital is fully equipped with the appropriate emergency medical service facilities, training and equipment in the accident and emergency department to help the victims. Ambulance services, paramedic services and other emergency care and services are provided to victims. Hospital aims to provide the critical care to accident victims in emergency situations.

The accident and emergency department provides emergency medical services to patients who may suffer from cardiac arrests, trauma, mental illness, asthma and heart attacks. During road accidents or fall, the victim may experience trauma due to multiple injuries in different organs. It is necessary for trained professionals to handle this with care.

Facilities :

- a. 24x7 Emergency Service is available.
- b. Round the clock Medical officer is available.
- c. Patient requiring super-Specialty treatment is referred outside to other Hospital.

Radiology/X-ray facility

Shree Satya Ayurvedic Medical College and Hospital has latest X-ray machine / computed Radiography. The Yog and Ayurvedic medicine is advised for different body ailments and diseases where one can monitor the effect of Yog and Ayurvedic medicine on body by X-ray imaging of different organs like liver, uterus etc.

Pathology Lab

In line with the objective of providing holistic treatment based on scientific investigation, with modern medical parameters, Shree Satya Ayurvedic Medical College and Hospital has been setup. It will provide comprehensive, high quality, rapid response diagnostic services at affordable prices. We are equipped with state of the art technology to offer our patients advanced testing and diagnostic capabilities with speed, accuracy and precision.

Physiotherapy Center

A well equipped Physiotherapy Center has been established on second floor of Hospital. All the required equipments related to Physiotherapy are available here. Patients suffering from various Inflammatory & degenerative arthropathies like Osteo Arthritis, Rheumatoid Arthritis, Lumber Spondylitis, Cervical Spondylitis, Prolapsed Intervertebral Disc and other neurological deficits are treated with the combination of Physiotherapy & Panchakarma procedures.

Ambulance Services

24 hours patient transport vehicle available. Patients are transported from home to hospital and patients referred by emergency duty doctor to empanelled hospital for specialized case.

Pharmacy

The College has well established Pharmacy according to NCISM norms and is being run under the supervision of experts and experienced staff. Quality Ayurvedic medicines are regularly manufactured and supplied to the O.P.D. and I.P.D. patients. Students are also imparted knowledge about manufacturing processes of Ayurvedic medicines
